WORK EXPERIENCE

Business Developer / Estimator
Coastal Millwork and Supply, LLC ⧉

11/2020 - Present   *Summerville, SC*
Achievements/Tasks

- Preparing bid proposal packages for commercial millwork projects. Compiling and summarizing cost data, creating detailed listings of materials needed, labor unit, installation costs and writing and submitting the proposal to customers who are bidding on the job.
- Reviewing project plans and specification documents; contacting architects, general contractors or others in order to obtain necessary information pertaining to projects.
- Working as a liaison with purchasing manager in order to keep informed of purchasing strategies, material pricing and vendor selection.

Project Design Engineer
Coastal Millwork and Supply, LLC ⧉

03/2016 - 10/2020   *Summerville, SC*
Achievements/Tasks

- Drafted and designed high-end, custom, architectural millwork projects. Successfully completed over 30 commercial projects, including Mt. Pleasant Town Hall, Volvo Manufacturing and Google Charleston Office.
- Created 3D renderings that accurately demonstrate design concepts to present to internal manufacturing department to ensure precise production and installation.
- Conducted extensive research on materials and hardware in order to meet high quality standards and clients' needs.

Field Project Manager
Coastal Millwork And Supply, LLC ⧉

09/2015 - 03/2016   *Summerville, SC*
Achievements/Tasks

- Supervised and managed the installation of 5 large millwork projects, ensuring time and budget goals were met and client vision was achieved.
- Monitored and coordinated the progress of multiple projects simultaneously, modifying goals when necessary in order to ensure successful completion.
- Collaborated with architects, interior designers, general managers and construction team to execute projects.

WORK EXPERIENCE

Project Manager
Carolina Foothills Studio

03/2015 - 07/2015   *Greenville, SC*

Achievements/Tasks

- Supervised 8 casework and millwork projects in 4 months, making scheduled adjustments as necessary that guaranteed on-time completion.
- Developed strong interpersonal communication and trust with construction teams which facilitated a productive environment.
- Managed internal installation team of 4 people.
